**FOR IMMEDIATE RELEASE**

## **Karlin Ventures Invests in Kaleo**

### **Early Stage Investment Fund Invests in Knowledge Management Platform**

**Los Angeles, CA, Sept 18, 2013** – Karlin Ventures, an early-stage venture capital fund, has invested in Kaleo Software. Kaleo ([www.kaleosoftware.com](http://www.kaleosoftware.com)) is an enterprise knowledge management platform based on an intuitive Q&A model. Kaleo is solving the growing problem in large organizations of the inaccessibility of substantial amounts of very important, informal, or “tribal” knowledge that employees and partners possess, but have no good way to find or share.

TX Zhuo, Partner of Karlin Ventures, said, "Kaleo is not only improving management efficiency at the enterprise level, they are also boosting collaboration on the individual level within those enterprises. This combination makes Kaleo’s solution valuable for all large scale organizations."

#### **About Karlin Ventures**

Karlin Ventures, LLC, is the early stage investment division of Karlin Asset Management, LLC. Karlin Ventures seeks to invest \$100,000 to \$1 million per investment primarily in education technology, eCommerce, digital media, healthcare IT, and financial services, but considers opportunities outside those sectors as well. To entrepreneurs, Karlin Ventures offers speed and responsiveness, the commitment of a partner, and a broad and deep network in the investment and operating communities. The Company maintains offices in Los Angeles, CA. Its phone number is (310) 806-9700. Its website is located at [www.karlinvc.com](http://www.karlinvc.com).

#### **About Karlin Asset Management**

Karlin Asset Management is a Los-Angeles-based private investment firm managing over \$1.4 billion of unleveraged capital. It has a number of active investment platforms, including public equities, real estate, lending, and residential mortgages. Its phone number is (310) 806-9700.
